YOU ARE WELL
ON YOUR WAY!

I PLEDGE TO SUCCEED

Dear Student,

Congratulations on becoming a 21st Century Scholar!

In middle school you may think college is a long way off, but there are many ways to set yourself up to be successful in high school, college and your future career.

Even if you don't know exactly what career you want to pursue or what type of college you want to attend, it's important to start thinking about it now and make a plan that will help you reach your goals.

That's why Indiana developed the Scholar Success Program. During high school — starting as a freshman — you will complete activities at each grade level that will help you stay on track for your education beyond high school. And remember: As a 21st Century Scholar, you have committed to the Scholar Pledge, which includes completing the Scholar Success Program in high school, as well as meeting other academic requirements and remaining drug- and crime-free.

This guide will give you an overview of the requirements and activities you must complete in high school so that you and your family know what to expect next year.

There are also many other things you can start doing now to prepare for high school and college success:

- ✓ **Work hard in school.** Develop good study habits, participate in class and earn good grades.
- ✓ **Get involved outside the classroom.** Did you know colleges look for well-rounded students who demonstrate leadership and devote time to their schools and communities? Stand out by getting involved with extracurricular activities and clubs at school and taking advantage of volunteer opportunities. It's also a good way to make friends and explore your interests.
- ✓ **Start saving for college.** It's never too early — or too late — for you and your family to start thinking about saving and paying for college. The 21st Century Scholarship covers up to four years of college tuition, but there are additional expenses — such as books and meal plans — to consider. Begin doing research to understand what college costs, what financial aid is available and what steps you will need to take to pay for expenses not covered by your scholarship.

Take control of your future by making smart choices now and staying on track for high school, college and career success.

Have a great school year!

STUDENTS

What steps must you take in your first year of high school to achieve your goals?

If you're not sure, that's okay! That's the whole point of the Scholar Success Program: to guide you every step of the way as you stay on track for college and career success.

In 9th grade, your Scholar Success Program requirements will start you off on the right foot. Here is an overview of the activities you will need to complete during your freshman year.

CREATE YOUR GRADUATION PLAN.

Based on your college and career plans and the type of Core 40 diploma you plan to pursue, you will map out a four-year high school course plan with your school counselor.

PARTICIPATE IN AN EXTRACURRICULAR OR SERVICE ACTIVITY.

Choose one or two activities outside of class work to focus on during high school. These experiences prepare you for college, help you explore your career interests and introduce you to new people.

WATCH THE "PAYING FOR COLLEGE 101" VIDEO.

Find out what it costs to go to college and how to save and manage your money. Your 21st Century Scholarship may cover up to four years of tuition, but you must plan for additional expenses.

PARENTS

You want the best for your child, and middle school is the perfect time to start thinking about the future. Decisions that you and your Scholar make now and during high school are important.

At the beginning of each year, sit down with your Scholar and review the requirements for that coming school year. Think about ways that you can help them achieve their goals.

Here are some ways you can help your freshman Scholar complete the 9th-grade requirements.

Help your Scholar create a Graduation Plan:

Freshman Scholars must create a high school Graduation Plan that outlines the courses, tests and related steps they should complete to put them on a clear path for graduating high school. Remind your Scholar to schedule a meeting with his or her school counselor early next year to create a plan.

Help your Scholar participate in a Service Activity:

Scholars must participate in an extracurricular or service activity during their freshman year. Help them start looking for activities that align with their interests or career goals. They may choose to participate in a school-sponsored or a community-based activity.

Help your Scholar pay for college:

Freshman Scholars must also watch a “Paying for College 101” video to learn what expenses they must start preparing for now. Help your Scholar start planning for college expenses in advance. For more tips on saving and paying for college, visit LearnMoreIndiana.org/cost.

TIPS TO HELP YOUR STUDENT SUCCEED.

There are many other ways you can help your child succeed in high school and prepare for college success. Starting now and throughout high school, you can do the following to help your student:

- Review class work and homework with him or her nightly.
- Regularly review online grades and progress reports.
- Meet with teachers and counselors to discuss progress or any concerns.
- Identify a quiet place at home to study.

- Graduate from a state-accredited high school with a minimum of a Core 40 diploma and a cumulative grade point average (GPA) of at least 2.5 on a 4.0 scale.
- File the Free Application for Federal Student Aid (FAFSA) by March 10 as a high school senior and each year thereafter until you graduate from college.

What should I do if I change schools or my contact information changes?

It's important that you receive notifications and updates from the 21st Century Scholars program to make sure you're on track to complete the requirements. Update your school and contact information in your ScholarTrack account at Scholars.IN.gov/scholartrack. From your dashboard, click "Edit My Profile."

Do I have to file the FAFSA every year in high school?

No. You must complete the FAFSA (Free Application for Federal Student Aid) during the year you graduate high school. This will be your senior year, unless you plan to graduate early.

If I graduate early, can I still use the 21st Century Scholarship?

Yes. If you plan to graduate following your junior year, you need to notify your school counselor so he/she can inform the 21st Century Scholars program of this change. You must also complete the FAFSA by March 10 of your junior year.

Can I use my scholarship to pay for dual-credit classes while in high school?

No. The scholarship is only available once you have graduated high school.

If my GPA falls below 2.5 for a semester, will I lose the scholarship?

You must achieve an overall, cumulative GPA of 2.5 or higher on a 4.0 scale upon graduation from high school. A cumulative GPA is the average of all your grades during all your semesters in high school. Even if your cumulative GPA falls below 2.5 some time during your high school career, you are still eligible for your scholarship as long as your GPA is at least 2.5 at the time of graduation.

Can I receive the scholarship if I complete a high school equivalency exam (like a GED or TASC) or complete home school?

No. You must graduate with a Core 40 diploma from an eligible high school recognized by the Indiana Department of Education.

What happens if I don't complete my 9th-grade Scholar Success Program activities on time?

You must verify you've completed the three grade-specific activities via ScholarTrack by June 30 of each academic year, or you will be placed on probationary status. You must complete the activities by June 30 of the following year to return to good standing, or you will be at risk of losing the 21st Century Scholarship. You must complete all of the activities by March 10 of your senior year to be eligible to receive the scholarship.
